## GILES COUNTY STRONGHOLD

Democrats Look to This Little Bailiwick for Increased Majority.

NEGROES ARE DEMOCRATS

Home of the District Chairman. McCaull and Hoge Discussing the Negro Problem.

(From a Staff Correspondent)
PEARISBURG, GILES COUNTY, VA Eeptember 22.-It is a remarkable fact are looking to Glies county to increase its Democratic majority this year, and give a strong lift in the cause of Mr. Wysor. county in Virginia and the demands which have been made upon the leaders of the s been met. Let it be known that

ratic Committee, and the two chair Democratic Committee, and the two chair-ners, being thrown in such close contact, are able to pull together in fine style. Mr. John Williams, clerk of 'he Virginia House of Delegates, also lives in Pearis-burg, and though Glies has m it many shrewd polluical workers, all admit that there are none better than Williams. Then there is John Hoge, perhaps the most offective worker in the county. Cer-tainly there is no more willing worker Mr. Hoge, and he has a long re of political successes behind him.

#### Will Increase Majority.

These and other Democrats of Glies are working together in the most per fect harmony. I am convinced that the Democrats of the rest of the district are justified in the hope and benef that old Glies will increase her majority this fall. There is no trace of factional fighting in Glies between it may be in other g in Glies, however it may be in other unties of the district. Occasionally ere are found traces of personal roends, but the full Democratic of the county is enthusiastically Wysor. The county is well or-

#### Negro Voters.

The character of the electorate in Giles is about that of the other countries of the district. Formerly, there were many negro voters, but since the new suifragilaws went into effect only eleven brothers in black have their names on the politooks. A most remarkable fact about the negro vote of Giles is that it has for negro vote of Glies is that it has for some time been about solidly Democratic. It is not believed that there will be but one negro vote cast in the county this year. One negro who lives over at Newport sticks to the traditional party of the colored man. It is not known this he has ever been threatened with social ostracism. Mind you, it is not charged by Republicans that there is any injunication of the negroes by the Democrats by Republicans that there is any mountain dation of the negroes by the Democrats of the county. The darkeys have got

I am persuaded that the case of Glies is unique. It is believed by Glies Democratis that there is not another county in the district where the negroes are so nearly Democratic, and it is almost certain that there is not a county in the State where the "man and brother" clings to the Democratic party with such persistency.

Colonel Jim Browning, of Pocahontas, and the followers of Colonel Slemp in the fight he made to capture the Republican State organization, objected to the basis of representation in the State Concast. But they lost. Next year they are

#### McCaull to Negroes.

McCaull to Negroes.

When Captain Pat McCaull spoke at Pulaski City Monday, I estimated that one-third of his audience was composed of negroes. Mr. Braxton, who addressed a large number of Democrats in the Opera House, said he was informed that there were only three colored votors in the Republican audience. The rest had been "dehorned" as these cattle raisers of the Southwest term the disfrancisement of the negroes. This was possibly an exaggeration, but the number of voters among the crowd of sable auditors was undoubtedly very small.

Still a considerable portion of Mr. McCaull's speech was devoted to discussion of the negro problem a greater portion than Mr. Braxton devoted to the same subject in his address, though Captain McCaull said that Democrats were discussing little else this year. EXPOSES ABSURD CLAIMS

It Gathers Specific Evidence Against Series of Pretty Republican Theories.

(By Associated Press.),

NEW YORK, Sept. 22.—The Democratic campaign text-book has been completed and is about to be issued. It makes a volume of 314 pages, discuses the issues of the two parties and reprints a number of speeches by leading Democrats.

The following synopsis of the book has been prepared by the Democratic Campaign Committee:

"By way of emphasizing the issue of 'constitution' opposed to 'imperialism' the Democratic campaign book contains as a preface the full text of the Constitution of the United States. The place of next importance is accorded the 'Tariff and the Trusts,' sixty of the 314 pages of the volume being devoted to this discussion.

What It Says About Trusts. "Concerning the trusts, much space is iven to evidence that the protected com-inations, having a tariff monopoly in our come markets, are compelling our mer-thants to pay much higher prices for nanufactured goods than are paid by for-

City Attorney Mcliwaine has been asked to decide whether there is now a legally elected board here. The election occurred September 1st, and the allotted ten days for qualification have expired, with neither Mr. Tunstall nor Mr. Dickson back from their summer vacations.

Mr. Dayls announced to-day that it was not his intention to make many speeches while on his tours over the country campaigning. "I am not much of a speech-maker, and rather dislike the tast," said Mr. Dayls. "My intention is to get around among the people and meet them with as little public speech-making as possible. We have with us here Senator Charles A. Towne, of New York, who is one of the most able orators that I know of. He will be with me for a short time. He will do the public meeting talking, and it will be my aim to meet just as many voters personally as it is possible for me to.
